THE NEW STANDARD IN RADIAL COMPRESSION
Not just a product, an experience.

PreludeSYNC™
Radial Compression Devices
WHY PreludeSYNC?

**EFFECTIVE**
- The PreludeSYNC assists in achieving vascular hemostasis.
- Access site visibility - large area with clear, unobstructed site visibility.

**SECURE**
Band attachment was designed with a material that provides adjustable, secure placement of the device.

**COMFORTABLE**
- The PreludeSYNC is constructed from a soft material that lies against the patient’s skin while providing an outer layer that is easy to clean.
- The balloon was designed to comfortably achieve patent hemostasis.

**CHEERFUL**
Enhance the patient’s recovery experience with an exciting assortment of designs provided in each box.
PERSONALIZE THE EXPERIENCE

YOUR LOGO. YOUR STYLE. YOUR PASSION.™

1 UPLOAD LOGO
